Animal Welfare

Puratone is committed to animal welfare. We are disturbed by some of the images, shown in the video taken in one of our farming sites, which do not reflect our animal welfare policy and principles.

The vast majority of our people respect the animals under their care and follow good stewardship practices. We require all staff to adhere to our animal welfare policies and nothing else will be tolerated.

Over our 25 years of farming operations we have strictly followed regulations and industry best practices regarding animal welfare. All of our employees receive training to ensure that they adhere to these standards and we have veterinarians on staff to enforce these requirements.

We have launched an immediate investigation and corrective actions will be taken.

Sincerely,

THE PURATONE CORPORATION
